tabs

Drink Tickets

Hell 'n Blazes Brewing Co. is also a full-service restaurant, providing full catering for all events. Our talented chef and her team have prepared a special catering menu, and we will even prepare specials specifically for your event. We do Fresh American Pub Food; a Gastro Pub.

PRICING

Our special events pricing is designed NOT to have a large minimum spend requirement like the hotels and banquet halls in our area. Some hotels in this area charge \$1000 for their room (we charge \$50) and have a minimum spend requirement of \$6000 to \$8000 and charge a 22% gratuity! This is very difficult to justify for parties of less than 100 people, so we took a different approach...

Our room fee is \$50, and we ask that your party spend a minimum of \$500. Then we add tax and a 20% gratuity.

The minimum spend can be made up in any combination of food and/or beverages and we will combine single tabs, separate tabs, etc. together. The only exception is that Catered food cannot be split into separate checks

Our events are setup as cocktail, casual receptions. Our food is served buffet style and your guests are free to explore the tap room and have fun in our game room.
